EXPERIENCE

Google Developer Student Clubs - Admiralty University of Nigeria - (Volunteer)

https://www.linkedin.com/in/gdsc-adun-3b172a250/

DEC 2022 - AUG 2023

Google Developers Student Club is a tech community for those interested in technology. And who loves to volunteer at events and loves networking? As a member of GDSG ADUN, I was part of the volunteer team that:

➢ I organise tutoring classes for those interested in web development.
➢ Worked with the GDSC team to host a couple of events physically and virtually.

Start Innovation Hub, Uyo - Web Developer (Trainee)

https://starthub.com.ng/

May, 2019 – November, 2022(with academic breaks)

Start Innovation Hub is an ICT firm with an innovation lab in Uyo, Nigeria. At the Start Innovation Hub, completed hands-on training in Python, JavaScript, HTML, CSS and PHP.

➢ Focused on building and Debugging small-scale applications and web solutions.
➢ Developed fundamental skills in fronted and backend coding, emphasizing problem-solving and clean code.
➢ Continued independent learning and projects to deepen proficiency in Python and JavaScript.
